INTRODUCTION TO THE POTTERY WHEEL - \$25 plus tax

This fun two-hour session introduces beginners to basic wheel throwing techniques. You will have the opportunity to create a piece of functional art (cup, bowl, vase, etc.) on the pottery wheel. Your finished piece, once dry (several days), will be fired in the kiln. Choose a glaze color before leaving class and your piece will be glaze fired and ready for pickup within 3 weeks. No experience necessary.

All supplies and equipment provided.

DRESS TO GET A LITTLE MESSY!

NATURE INSPIRED WIND CHIMES - \$25 plus + tax

During this class we will learn hand-building techniques and create a nature inspired windchime. Using items found in nature we will explore different ways to add texture to the clay. The pieces of the windchime, when dry, will be fired in the kiln for you (in approximately 1 week after class). Once dried and fired, schedule a time to come back to the Art House to paint and bring your windchime home. All supplies included. No experience necessary.

GELLI PLATE BOTANICAL PRINTMAKING- \$20 plus tax

Join us for a session in Gelli Printing! Gel printing or gelli printing is a new form of art to make prints called Mono-printing. Gelli plates are soft silicone plates that allows you to create beautiful prints without a printing press. During this class we will explore what gelli printing is. We will explore the basics of printmaking, the materials and tools, as well as techniques to creating a print. During this session you will have the opportunity to create several original gelli prints using leaves and flowers. All supplies included. No experience necessary.

PAINTING THE WATERFRONT - \$20 PLUS TAX

Learn step-by-step processes for how to create exciting landscape paintings. Weather permitting, we will Plein Air paint (the act of painting out of doors, open air). The beautiful view of the waterfront from the Art House Patio will be our subject. If painting outside isn't for you or the weather does not permit, we will open the garage doors and paint from inside. This class is geared towards any level of artist who wants to learn how to paint landscapes with acrylic paint. All supplies included, no experience necessary.

WATERCOLOR BASICS AND BEYOND - \$20 PLUS TAX

This class will explore the basics of watercolor painting and several different techniques to start a watercolor painting. Using a reference photo provided we will work through the steps of creating a watercolor painting. If you have taken the watercolor basics class previously, we will explore even more techniques and work on the skills that were learned last class. All supplies included, no experience necessary
